Have you thought of running an Independent Business?

In this era of changing health care, among the practice settings you may choose are Hospital, Long Term Care, Community Nursing, Medical Clinic, Agency, Education, and INDEPENDENT BUSINESS.

Join IB SIG, Independent Business Specialty Interest Group (of RPNAO) for FREE while you are a student. We promote self-learning through our newsletters, conferences and networking with colleagues in this field. As RPNs, IB SIG members abide by and adhere to CNO's Mandate and Standards of Practice. We also embrace RPNAO's Mission statement, "Creating excellence in health care through RPN advancement & utilization".
